

God the Creator

Everything you see was made by God. Everything you can't see was too! God wants us to care for the things He made. If we do, we are good stewards. Stewards help God care for His creation.

Welcome

We are glad you are here today. We hope you had a good week. Did you make something this week? Maybe you made something to eat. Maybe you made a craft. Please tell us about something you made.

Explore Sing Hymn 147, "All Things Bright and Beautiful."

Look at a globe or map and find where you live. Talk about people, places and things on Earth.

Scripture: Genesis 1:1-2 (Adapted)

In the beginning when God created the heavens and the earth, ²the earth was a formless void and darkness covered the face of the deep void. A wind from God swept over the face of the waters.

God said "Let there be light." *God saw it was good.* (Light)

God said "Let the waters gather together." *God saw it was good.* (Seas)

God said "Let there be plants." *God saw it was good.* (Vegetation)

God said "Separate day from night." *God saw it was good.* (Sun-Moon)

God said "Let there be creatures." *God saw it was good.* (Animals)

God said "Let's make humans in our image." *God saw it was good.* (Us)
God rested.

Respond - What can you do to help God?

1. Take care of people (idea - send a card to someone who is sick)
2. Take care of animals (idea - put up a bird feeder)
3. Take care of the earth (idea - recycle cans and bottles)

Pray Dear God, Show me how to be a good steward. Help me take care of people, animals, and your earth. I want to take care of your creation. I love you Lord. Amen

Activities:

Who AM I? (Game) A teacher tapes words or pictures of things that God created onto everyone's backs. Give clues to each other about what is on your friend's back, until everyone guesses who or what they are.

God's Creations - find things hidden in clay, sand or another medium.

Until next time

Remember God planned everything to be special. God wants you to take care of His creation. Pick one thing from the Respond list we made in class. Try to do it this week.
