Disability Ministries Connections

About Us

These United Methodist groups believe all people, including those with disabilities, are created in God's image and have sacred worth.

It is vital to the body of Christ to celebrate the spiritual gifts of people with disabilities and incorporate them into the life of the church.

Through advocacy, empowerment and education, we include people with disabilities and their loved ones in worship, missions, leadership and ministry.

We invite you, as individuals and local congregations, to join us.

“Then God said, ‘Let us make humankind in our image, according to our likeness,’ . . . “So God created humankind in His image”.
(Genesis 1:26a, 27a)

Mental Health Ministries

One in four persons in our pews has a family member struggling with mental health. People with mental health issues often go to spiritual leaders for help. MHM online resources can help create caring congregations for people living with a mental illness and for those who love and care for them.
